President of Islamic Republic of Iran  
E-mail: dr-ahmadinejad@president.ir

Dear Mr. President

We are aware of the workers activist in Iran are not protected, unjust and tortured for fighting for their rights at work.

Mahmoud Salehi is a well known labor activist has been arrested three months ago in his office and still he's in prison and that is influence on his physical condition because government does not allow any medical treatment for his kidney's disease.

Mansour Osanloo the president of the syndicate of workers of Tehran and suburbs Bus Company has been kidnapped by the undercover agents on July 10<sup>th</sup> 2007 and now he's in prison.

We strongly demand an immediate ending to abusing workers rights in Iran. An immediate compliance with all workers rights recognized internationally. The rights of Iranian workers to strike organize and form association.

We also demand the freedom of Mahmoud Salehi and Mansour Osanloo life.

Yours Sincerely,

Warren Smith  
Assistant Branch Secretary
